

Lab 22-23_extra_Microsoft Access_G-H

- Open the database Party that you already created in previous extra labs and saved in your Q drive.

ID	First Name	Class	Age
1	Omnia	CPc	7
2	Adam	CM1b	9
3	Cyril	CM1b	10
4	Gaelle	CPc	7
5	Yasmine	Gsa	5
6	Lulu	GSb	5
7	Alexandre	CM1a	10
8	Edom	CPc	8
*	(New)		

- Do the following:
 - Add a new field **Gift**. Make it text. Using the lookup wizard, enter the **singlevalued** following list: Plane, Doll, Car, Puzzle, Bike, Ball.
 - Make the name as required.
 - Put CM1a as a default value for the Class.
 - Make the Name in capital letters even if typed in small letters.
 - Make the class in lowercase even if typed in capital letters.
 - For the age, apply a validation rule where the age should be between 6 and 12. Write a validation text for it.
 - Add a new field **Color**. Make it text. Using the lookup wizard, enter the **multivalued** following list: Yellow, Green, Blue, Red, Black, and White.
 - Give the colors of your choice for each gift.
 - Create a query where you display all fields and showing multiple values on a single row. Name it Q1-single row.
 - Create a query where you display all fields and showing multiple values on a multiples rows. Name it Q2-multiple rows.
- Save your work and show it to your teacher.
